

# HYDRAULIC SPECIALTY INC.

## Product Line Card

1131 - 72nd Ave. NE | Fridley, MN 55125 | 763-571-3072 | hydraulicspecialty.com

*Hydraulic Coolers*

*Hydraulic Gear Pumps and Motors*

*Truck Mounted Hydraulic Reservoirs  
Designed for Wet Kits*

*Hydraulic Accessories, Shaft Couplings,  
Reservoirs, Manifolds*

*Heavy Duty Power Take Offs, Pumps,  
Motors and Cylinders*

*Hydraulic Piston Pumps and Motors, Direc-  
tional Valves and Power Units*

*Directional Control Hydraulic Valves,  
Pressure and Flow Controls*

*Hydraulic Gear Pumps, Motors, Flow Divid-  
ers and Vane Pumps*

*Vane Pumps, Directional Control  
Valves, Proportional Valves*

*Hydraulic Hose, Couplings and  
Crimpers*

*Planetary Reduction Gears, LSHT Motors,  
Steering Controls, Rotary Manifolds*

*Cylinders, Pumps, Motors,  
Directional Valves, Pressure and Flow  
Control Valves*

*Hydraulic Quick Couplers*

*Air Controls for Wet Kits, Hydraulic  
Valve Controls, Dump Body Controls*

*Electric Motors*

*Truck Mounted Hydraulic Coolers*

*Hydraulic Fittings and Adapters*

*Hydraulic Filtration Solutions*

*Push-Pull Cable Control Systems*

*Hydraulic Pumps, Motors, Valves,  
Pressure and Flow Controls*

*Precision Flow and Pressure Measurement  
and Test Instruments*

*Hydraulic Gear Pumps and Motors*

*LSHT Motors, Brakes, Steering Controls*

*Telescopic Hydraulic Cylinders*

*Industrial and Custom Hydraulic Cylinders*

*Radial Piston Motors*

*Mobile Directional Control Valves and  
Proportional Valves*

*Rotating Shaft Couplings*

SPECIALTY INC.**

## ***Customer Solutions***

1131 - 72nd Ave. NE | Fridley, MN 55125 | 763-571-3072 | [hydraulicspecialty.com](http://hydraulicspecialty.com)

### OEM HYDRAULIC SYSTEMS SUPPORT

We can provide full hydraulic system design and engineering, component selection and application assistance to help you achieve your project objectives while maximizing value, system efficiency and performance.

### CUSTOM HYDRAULIC POWER UNITS

Hydraulic Specialty, Inc has a long history of providing custom built and designed Hydraulic Power Units spanning many markets and industries. Our in house fabricating and machining capabilities help us to provide a more complete Power Unit solution to you.

### INSTALLATION

Hydraulic Specialty, Inc. can handle all of your truck hydraulic system needs. From wet kit installations, fenders and accessories, pneumatic blower installations to hydraulic drive systems. We are experts and provide the system that's right for you and your requirements. When you talk, we listen

### REPAIR

Our shop services are here to take care of you and all of your repair service needs. From pumps and motors to cylinders and power units, we have what it takes to provide value and quality repair services to keep your equipment and components running.

### CUSTOMER SERVICE

Our team is here to serve you. From application assistance, inside and outside sales support, component selection, over the counter part sales, or custom "while you wait" hose make up, we want to help get back to your work and keep your equipment up and running.
